FROM: Director of Central Intelligence
SUBJECT: Briefing Cabinet Officers ☐

25X1

I had a conversation the other night with Secretary of Labor Marshall. He mentioned to me how much he appreciated the briefings he had received from ☐. He thought they were very useful and that ☐ was a very bright and capable individual. I am grateful that we are providing this kind of good service to the Cabinet. Please thank ☐ for me. The next time we have a minute to visit, I'd appreciate knowing where he is based, how we go about this, and whether we can do more for other Cabinet officers. ☐
